Ouranos Spa
Easter Specials

Easter Soul Harmony by Kalmar
60min | €100

Kalmar's four soul states — Joy, Peace, Calm, Love — form the framework for this ritual. You choose your state; the treatment moves through intentional touch, rhythmic massage and grounding energy work to restore emotional balance and settle the nervous system. A particular kind of quietness that the season seems to call for.

Spring Radiance Theraglow Facial
60min | €90

Microcurrent technology tones and relaxes facial muscles, stimulating circulation and natural collagen production while intensive hydration addresses the specific condition of your skin. The result — firmer, brighter, noticeably refreshed — takes no announcing.

Ouranos Herbal Comfort Experience
80min | €120

Steamed herbal poultices — infused with orange, clove, ginger and seaweed — are worked across the body in long, grounding movements that release muscular tension and ease the mind. The warmth is deliberate. The botanical oils do the rest. The longest treatment on the list, and the most enveloping.
